

Nampa Citywide Transportation Plan

Community Advisory Committee Roles and Responsibilities

Community Advisory Committee purpose:

- Provide guidance and advice to the City of Nampa during the development of the Citywide Transportation Plan.
- Help plan for current and future transportation needs.
- Represent a diversity of viewpoints to ensure full discussion of the transportation plan and recommendations.

Committee process:

- Nampa staff and consultant team will plan and prepare for meetings.
- Draft meeting materials will be prepared and distributed in advance of meetings.
- The committee will meet four times during this study based on major decision points.
 - Identify and discuss plan goals and objectives
 - Needs assessment and project list(s)
 - Review draft plan
 - Plan implementation

Member Responsibilities:

- Participate in meetings.
- Learn about the planning process and gain understanding of other perspectives.
- Help the City of Nampa plan for current and future transportation needs.
- Provide key representation and communicate with constituents.
- Assist with involving the public in the planning process.

Project Team Responsibilities (includes city staff and consultant team):

- Provide accurate and timely information to committee members.
- Educate the committee on technical issues.
- Listen and include committee comments in the decision-making process.
