PLANNING & ZONING DEPARTMENT

Before the Planning & Zoning Commission
Meeting of 10 SEPTEMBER 2019

BUSINESS ITEM NO. 4
STAFF REPORT

Applicant(s)/Engineer(s):
M3 Companies, LLC as Applicant/Developer with Mark Tate representing, JUB Engineers as Engineer(s)/Surveyor(s)

File(s): SPF-00102-2019

Analyst: Doug Critchfield, Senior Planner

Requested Action: Recommendation of Final plat approval/denial for:
Summit Ridge Subdivision No. 3 (hereinafter the “Development”; alternatively, “Summit Ridge Subdivision No. 3” or the “Project”)

Location:
Comprising 16.23 acres proposed to be platted into Twenty-One (21) buildable and four (4) common lots all located in a RS-6 Zoned area located in Government Lots 1 and 2 in the N ½ of the NE ¼ of Section 5, T2N, R2W, BM, Nampa, Canyon County, Idaho on the south side of W. Greenhurst Road between S. Midland Boulevard and S. Middleton Road.

Correspondence:
Any correspondence from City departments/divisions and outside agencies or the citizenry is hereafter attached to this document for perusal. Comments may express opinions regarding the plat application or be geared towards recommending Conditions of Approval for a development should it be approved, or, directing corrections to the final plat or related construction drawings.

1. An email dated August 6, 2019, authored by Eddy Thiel, Nampa Highway District #1, which states; NHD #1 - has no comment; and,

2. A letter dated, August 12, 2019, authored by David Duvall, Nampa Meridian Irrigation District – has no comment; and,

3. A letter dated August 12, 2019, authored by Thomas Rithaler, Boise Project Control Board – stating it appears that all of Boise Project’s concerns have been met; and,
4. A memo dated August 20, 2019, authored by Dan Wagner, GIS Technician I, Nampa Engineering Division – stating the following changes must be made prior to submitting for signatures:

   a. W Kamet St should be W Kamet Ct for its entire length.; and,

5. An email, dated August 22, 2019, authored by Sarah Arjona, Idaho Transportation Department - states no objections to the proposed development; and,

6. A memo dated August 30, 2019, authored by Doug Critchfield, Nampa Planning and Zoning Department – stating that the Acer x fremanii specified on the plan must be replaced with a different species selected from the Treasure Valley Tree Selection Guide.

7. A memo dated August 30, 2019, authored by Caleb LaClair, Nampa Engineering Division – stating the following:

   **General Comments**

   1. An Erosion Control Permit with City of Nampa is required prior to the start of any earth disturbing activities.

   **Final Plat**

   1. Provide a new street name for “W Crescendo Street” per Nampa GIS comment. New street name shall be approved by GIS Division prior to Construction Drawing approval.

   2. Recommend revising the “Utility Easement Line” in the legend to “Public Utility and Drainage Easement”.

   3. The front property pin for Lots 3/4, Block 9 needs to be offset due to conflict with proposed sand and grease trap.

   4. Add missing Block #’s to the plat.

   5. Confirm if the existing Ingress/Egress Easement and Idaho Power Blanket Easement are to be vacated, and if so, the intended timeline.

   **Conditions of Approval**

   1. The Developer’s Surveyor shall address all Final Plat comments prior to City Engineer signature of the plat.

   2. Developer’s Engineer shall address all Construction Drawing and Drainage Report comments identified in the “Summit Ridge Subdivision #2 – Construction Drawings & Final Plat – 1st Review” letter from the Nampa Engineering Division, dated 8/30/2019 prior to construction drawing approval.
3. The Developer and their Engineer and Contractor shall adhere to the “Construction Duty and Responsibility Policy”, Section 108 of the 2017 City of Nampa Engineering Development Process and Policy Manual, during the construction process. The Developer shall sign the City of Nampa Subdivision Improvement Agreement and submit to the Nampa Engineering Division prior to start of construction.

Comments/Recommendation(s):
Staff finds that the proposed subdivision final plat off/for Summit Ridge Subdivision No. 3 conforms, or substantially conforms within acceptable limits, to the approved preliminary plat off/for Summit Ridge Subdivision, and, complies with relevant RS-6 zoning codes and City of Nampa subdivision standards appertaining to the proposed Development. (Said determination is, or may be, partially predicated on said final plat being revised in limited form and fashion to meet requirements set forth by various responding agencies and City departments.)

Accordingly, Staff recommends that Summit Ridge Subdivision No. 3 be approved, contingent on Applicant/Developer/Development compliance with various Conditions of Approval as iterated above and hereafter....

SUGGESTED CONDITIONS OF APPROVAL

Should the Planning and Zoning Commission vote to recommend approval of the Project final plat to the City Council, then Staff would suggest the following as (a) Condition(s) of Approval(s) for adoption with any such recommending vote (note: the Commission may obviously add, subtract and/or modify conditions as it deems appropriate):

1. Generally, Applicant/Development shall:
   Comply with all City department/division or outside agency requirements pertinent to this matter. This is to include any extant but applicable conditions from prior approvals for this subdivision as iterated in correspondence on file with the City appertaining to the approved preliminary plat off/for Summit Ridge Subdivision.

2. Correct any spelling, grammar and punctuation and numbering errors that may be evident on the plat face and/or in the proposed Project plat development notes; and,

   a. Comply with the corrections and requirement(s) listed in the memo dated August 20, 2019, authored by Dan Wagner, GIS Technician I, Nampa Engineering Division – stating the following changes must be made prior to submitting for signatures:

      "Propose a new, unique street name for the East West oriented street south of Block 9. Use the following format: W (new name) St."; and,

   b. Comply with the corrections and requirement(s) listed in the memo dated August 30, 2019, authored by Doug Critchfield, Nampa Planning and Zoning Department – stating that the Acer x fremanii specified on the plan must be replaced with a different species selected from the Treasure Valley Tree Selection Guide.
c. The Developer's Surveyor shall address all Final Plat comments prior to City Engineer signature of the plat.

d. Developer's Engineer shall address all Construction Drawing and Drainage Report comments identified in the “Summit Ridge Subdivision #2 – Construction Drawings & Final Plat – 1st Review” letter from the Nampa Engineering Division, dated 8/30/2019 prior to construction drawing approval.

e. The Developer and their Engineer and Contractor shall adhere to the “Construction Duty and Responsibility Policy”, Section 108 of the 2017 City of Nampa Engineering Development Process and Policy Manual, during the construction process. The Developer shall sign the City of Nampa Subdivision Improvement Agreement and submit to the Nampa Engineering Division prior to start of construction.

3. <Any other conditions as may be levied by the Commission….

RE: FINAL PLAT APPLICATION – SUMMIT RIDGE SUBDIVISION NO. 3

Dear Mr. Holm:

On behalf of our client, M3 Companies, LLC, we are submitting this final plat application. The property is located on W Greenhurst Road in Section 5, Township 2 North, Range 2 West, Boise Meridian, Nampa City, Canyon County, Idaho; Parcel # R299100000. The final plat contains 21 residential lots and 4 common lots on approximately 16.23 acres in an RS6 zoning district.

General conditions

1. The final plat conforms in all respects to the approved preliminary plat and all conditions of approval stated in the approval letter.

2. The final plat conforms in all respects to the applicable provisions of the City Engineering Department, City Fire Department, City Planning and Zoning Department, City Forester, City Parks Department and other agencies having jurisdiction.

3. Water will be installed and provided prior to request for any building permits.

4. Corrections will be noted and included on the final plat prior to recording.

5. CCRs, Bylaws and Articles will be established. A Draft of the CCRs is submitted with this application for final plat approval.

6. Design approval from City Council will be requested if any exceptions to the City Adopted subdivision design standards are desired.

7. The Applicant has provided an overall landscape plan for the development. This landscape plan complies with the City’s adopted landscape standards.
This application is submitted in conformance with the Final Plat submittal requirements for the City of Nampa. Please do not hesitate to call if there are any questions regarding this final plat application.

Sincerely,
J-U-B ENGINEERS, Inc.

EXHIBIT “A”
Summit Ridge Subdivision No. 3
Boundary Description
Project No. 10-19-048    July 10, 2019

A parcel of land situate in Government Lots 1 and 2 of Section 5, Township 2 North, Range 2 West, Boise Meridian, City of Nampa, County of Canyon, State of Idaho, and being more particularly described as follows:

Commencing at the northeast corner of said Section 5; thence North 89°03'10" West, along the north line of said Section 5, a distance of 2639.96 feet to the north quarter corner of said Section 5; thence along the westerly line of said Government Lot 2, the following two (2) consecutive courses and distances:

1. South 01°20'23" West, a distance of 423.92 feet, and
2. continuing South 01°20'23" West, a distance of 576.04 feet to the southwest corner of Summit Ridge Subdivision No. 2 (Book __ of Plats, Page __, Canyon County Records), said corner being the Point of Beginning of this description;

thence from said Point of Beginning, leaving said westerly line, along the southerly boundary line of said Summit Ridge Subdivision No. 2, the following seven (7) consecutive courses and distances:

1. EAST, a distance of 145.73 feet,
2. along the arc of a non-tangent curve to the left, concave easterly, having a radius of 328.00 feet, an arc length of 10.39 feet, through a central angle of 1°48'52", and a chord bearing South 20°01'36" East, a distance of 10.39 feet,
3. along the arc of a reverse curve to the right, concave westerly, having a radius of 275.00 feet, an arc length of 16.41, through a central angle of 3°25'08", and a chord bearing South 19°13'28" East, a distance of 16.41 feet,
4. North 72°29'06" East, a distance of 50.00 feet,
5. along the arc of a non-tangent curve to the right, concave westerly, having a radius of 325.00 feet, an arc length of 9.56 feet, through a central angle of 1°41'08", and a chord bearing South 16°40'20" East, a distance of 9.56 feet,
6. North 89°33'20" East, a distance of 542.29 feet, and
7. South 85°17'57" East, a distance of 16.88 feet to the southwest corner of the tract of land described in the warranty deed to Cleo R. Miller and Barbara Ann Miller as Co-Trustees of the Miller Family Trust filed in Instrument No. 2017-014063, Official Records of Canyon County, hereinafter referred to as the Miller Family Trust Tract;

thence leaving said southerly boundary line, along the southerly boundary line of said Miller Family Trust Tract, the following two (2) consecutive courses and distances:

1. North 89°56'10" East, a distance of 81.55 feet, and
2. South 44°02'03" East, a distance of 132.51 feet to the most southerly corner of said Miller Family Trust Tract;

July 10, 2019  10-19-048_Summit Ridge Ph3 Description with Stamp.docx  Page 1 of 2
thence leaving said southerly boundary line, the following three (3) consecutive courses and distances:

1. South 41°36'13" East, a distance of 190.12 feet,
2. South 60°14'08" East, a distance of 283.52 feet, and
3. South 60°39'14" East, a distance of 439.75 feet to a point on the south line of said Government Lot 2;

thence North 89°18'58" West, along said south line, a distance of 1,707.45 feet to the southwest corner of said Government Lot 2; thence North 01°20'23" East, along the west line of said Government Lot 2, a distance of 589.92 feet to the Point of Beginning.

Containing an area of 16.23 acres of land, more or less.

The above-described tract of land is shown on Exhibit "B", attached hereto and made a part hereof.

End of Description.

411 3rd Street South
Nampa, ID 83651

RE: SPF-00102-2019/ Summit Ridge Subdivision No. 3

Dear Norm:

Nampa & Meridian Irrigation District (NMID) has no comment on the above referenced application as it lies outside of our district boundaries. Please contact Thomas Ritthaler, Boise Project- Board of Control, at 208-344-1141 or 2465 Overland Road Room 202 Boise, ID 83705-3173.

All private laterals and waste ways must be protected. All municipal surface drainage must be retained on-site. If any surface drainage leaves the site NMID must review drainage plans. Developers must comply with Idaho Code 31-3805.

Sincerely,

David T. Duvall
Asst. Water Superintendent
Nampa & Meridian Irrigation District
DTD/ gnf

RE: Summit Ridge Subdivision No. 2 and 3
Greenhurst and S. Midland
Boise-Kuna Irrigation District
Thacker Lateral 138+90
Robinson Lateral 169+00
Sec. 31, T3N, R2W, BM.

Shellie Lopez:

Boise Project approves of the plans for the final plats for the Summit Ridge Subdivision No. 2 and 3 as it appears all of Boise Project's concerns have been met per our following comments. Please note the sections in Bold.

The United States' Thacker lateral and Robinson Lateral lie within the boundary of the above-mentioned location. The easement for these laterals is held in the name of the United States through the Bureau of Reclamation under the authority of the Act of August 30, 1890. (26 Stat. 391; 43 U.S.C. 945)

The Boise Project Board of Control is contracted to operate and maintain these laterals. We assert the federal easement 20 feet west and 25 feet east of the Thacker Lateral's centerline and 20 feet south and southwest of and 25 feet north and northeast of the Robinson Lateral's centerline. Whereas this area is for the operation and maintenance of our facility, no activity should hinder our ability to do so.

The Boise Project does not approve landscaping (other than grass or gravel) within its easements, as this will certainly increase our cost of maintenance. All easements must remain a flat drivable surface. No work shall take place in our easements during the irrigation season between March 15th and October 15th.
Fencing/pathways (as may be required) must be constructed just off the canal easement, to insure public safety and prevent encroachments.

Parking lots, curbing, light poles, signs, etc. and the placing of asphalt and/or cement over Project facility easements must be approved by Boise Project Board of Control prior to construction.

Project facilities and/or easements that parallel, and are within and/or intended to be within road right-of-ways due to any development of this property must be relocated outside of road right-of-ways. The easements of Boise Project facilities will remain the same unless agreed upon and/or approved with written permission from Boise Project Board of Control.

The construction of any roadway crossings must be conducted only during the non-irrigation season when the canal is dewatered. In any case no work shall take place within the easement before the proper crossing agreements have been secured through the Bureau of Reclamation and the Boise Project Board of Control.

Utilities planning to cross any project facility must get the proper crossing agreements from the Bureau of Reclamation. In any case, no work shall take place within the easement before proper crossing agreements have been secured through both the Bureau of Reclamation and the Boise Project Board of Control.

A time schedule for the construction to be done during the non-irrigation season must be approved by Boise Project prior to any activity within Project easements. No construction will be allowed within the easement boundaries of the Boise Project Board of Control facilities after March 15th of each year. However, on a case by case basis, overhead utilities and utilities boring underneath a Project facility may be allowed after March 15th if reviewed and approved by the Boise Project.

The piping and relocation of any Lateral, Canal and/or Drain must be reviewed and approved by the Project and is (to include all appurtenant boxes and/or structures) and must be warranted by the landowner for a period of (5) five-years. The Warrantee Agreement must be secured prior to ANY disturbance of that facility.

Boise Project Board of Control must approve any requests and/or relocation of delivery points prior to construction.

Storm Drainage and/or Street Runoff must be retained on site.

NO DISCHARGE into any live irrigation system is permitted.

Local irrigation/drainage ditches that cross this property, in order to serve neighboring properties, must remain unobstructed and protected by an appropriate easement.
Should there be any small (neighborhood) irrigation ditches on this site, the developers and/or landowners will be obligated to protect them and allow water to pass to downstream neighbors.

This development is subject to Idaho Code 31-3805, in accordance, this office is requesting a copy of the irrigation and drainage plans.

Whereas this property lies within the Boise-Kuna Irrigation District it is important that representatives of this development contact the BKID office as soon as possible to discuss a pressure system prior to any costly design work. If applicable, the irrigation system will have to be built to specific specifications as set by the District / Project.

Boise Project Board of Control must receive a written response from the Boise-Kuna Irrigation District as to who will own and operate the pressure irrigation system prior to review and approval of an irrigation plan by Boise Project Board of Control.

Wording on the preliminary and final recorded plat needs to state that any proposed and/or future usage of the Boise Project Board of Control facilities are subject to Idaho Statutes, Title 42-1209.

Future preliminary and final plats must call out the Project easements and the plats must also note, which lots have surface irrigation water rights and which lots do not.

**Whereas this development is in its preliminary stages, Boise Project Board of Control reserves the right to review plans and require changes when our easements and/or facilities are affected by unknown factors.**

If you have any further questions or comments regarding this matter, please do not hesitate to contact me at (208) 344-1141.

Sincerely,

Thomas Ritthaler
Assistant Project Manager, BPBC

Good Afternoon! ☀️

Re: Final Plat Approval for Summit Ridge Subdivision #3 (SPF-00102-2019)

Please find attached for your review the Final Plat Approval for Summit Ridge Subdivision No. 3 at the SW corner of W. Greenhurst Rd. and S. Midland Blvd. (A 16.23-acre parcel of land situated in Government Lots 1 and 2 of Section 5, T2N, R2W, BM - 21 Single Family Residential Detached lots on 16.23 acres or 1.29 dwelling units/gross acre) for M3 Idaho Greenhurst LLC - Mark Tate.

This final plat has been scheduled as a business item on the Planning and Zoning Commission Agenda of September 10, 2019.

Please review and return any comments to my attention prior to August 23, 2019.

Thank you & Have a great day!
The above listed project Landscape Plans have been reviewed by the City of Nampa’s Planning Department for compliance with all applicable planning codes, and the following items and/or revisions are required prior to Planning approval:

1. **Acer x fremanii**: This species and Acer rubrum have been experiencing a high mortality rate in Canyon County. Please refer to Treasure Valley Tree Selection Guide for a different tree selection (https://id-nampaparksandrec.civicplus.com/DocumentCenter/View/923/2018-Treasure-Valley-Tree-Selection-Guide).

2. Please resubmit landscape plans for approval.

If you have questions or would like to discuss this interpretation of the planning code, please call my direct line at (208) 468-5406.

Doug Critchfield
Senior Planner
Nampa Planning Dept.
E-mail address: critchfieldd@cityofnampa.us
DATE: August 30, 2019
TO: Nampa Planning & Zoning Department
FROM: Caleb LaClair, P.E. – Assistant City Engineer
CC: Daniel Badger, P.E. – City Engineer

The Engineering Division has completed a review of the Construction Drawings and Final Plat for Summit Ridge Subdivision #3 and recommend the following conditions and comments.

General Comments

1. An Erosion Control Permit with City of Nampa is required prior to the start of any earth disturbing activities.
2. The project includes work within the Thacker Lateral easement. Approval from Boise Project Board of Control and/or Boise Kuna Irrigation District is required.

Final Plat

1. Change “W Kamet Street” to “W Kamet Court” for entire street length.
2. Fix any text conflicts through the plat.
3. Recommend revising the “Utility Easement Line” in the legend to “Public Utility and Drainage Easement”.
4. Add missing property pins on Sheet 7.
5. Recommend modifying lot lines at Lots 55/56 and 54/53, Block 2 to better accommodate utility service placement. Refer to construction drawing review comments.
6. Recommend adding a common lot between Lots 37/38, Block 2 to facilitate overland drainage release due to this being a global low point in the subdivision. This would also allow siting of drainage facilities which would reduce infrastructure cost and maintenance.
7. Add missing reference documents on Sheet 8.

Conditions of Approval

1. The Developer’s Surveyor shall address all Final Plat comments prior to City Engineer signature of the plat.
2. Developer's Engineer shall address all Construction Drawing and Drainage Report comments identified in the “Summit Ridge Subdivision #3 – Construction Drawings & Final Plat – 1st Review” letter from the Nampa Engineering Division, dated 8/30/2019 prior to construction drawing approval.

3. The Developer and their Engineer and Contractor shall adhere to the “Construction Duty and Responsibility Policy”, Section 108 of the 2017 City of Nampa Engineering Development Process and Policy Manual, during the construction process. The Developer shall sign the City of Nampa Subdivision Improvement Agreement and submit to the Nampa Engineering Division prior to start of construction.

4. Developer shall provide documentation of plan approval from Boise Project Board of Control and/or Boise Kuna Irrigation District prior to construction drawing approval. Provide copies of any executed license agreement(s) to the Nampa Engineering Division prior to City Engineer signature of the plat.
