1.1 Brief Overview of City of Nampa & SHPO/Section 106 review process

2. New Business

2.1 1226 1st St S – Façade Review for Holy Cow – **Action Item**

Commissioner Yankovich gave an update on how the site visit held on 3/22 with the building and business owners, architect, contractors and SHPO staff went.

While the overhead window will be seen as an adverse effect, the property owner is willing to rehabilitate the rear storefront to Secretary of Interior standards as a mitigation. The meeting was very positive, and it seems like mitigation creates a way for everyone to benefit.

MOTION: Commissioner Manning moved to accept the nonconforming window arrangement as presented, with the condition that the applicant go through the SHPO review and any required mitigation. Commissioner Jenkins seconded. The motion passed unanimously.

3. Adjourn – **Action Item**

MOTION: Commissioner Haverfield moved to adjourn. Commissioner Jenkins seconded. The motion passed unanimously.
