

RATE INCREASE

NOTIFICATION

CITYOFNAMPA.US

UTILITY BILLING (208) 468-5711

WATER

Effective October 1, 2019, domestic water rates for all customer classes will **increase nine percent (9%)**. The **increase for residential customers is approximately \$1.38** from your current monthly rate.

Incremental increases are needed to complete the projects identified in the 2015 Water System Master Plan including additional supply and system improvements, as well as system repair and replacement activities.

BUSINESS AND INDUSTRY

visit cityofnampa.us/water and click to "Rates & Resolutions" for specific rate information.

SEWER

Effective October 1, 2019, sewer (wastewater) rates will increase for all customers; however, percentages vary by customer class.

RESIDENTIAL RATES will increase by 16.12% or approximately \$4.77 from your current monthly rate. Increases in wastewater utility rates, fees, and charges will be used for operations, maintenance, asset management and increased investment to treatment facilities. *Nampa residents voted in May 2018 to gradually increase sewer rates to pay for mandatory wastewater improvements.*

BUSINESS AND INDUSTRY

visit cityofnampa.us/wastewater and click to "Rates & Incentive Policy" for specific rate information.

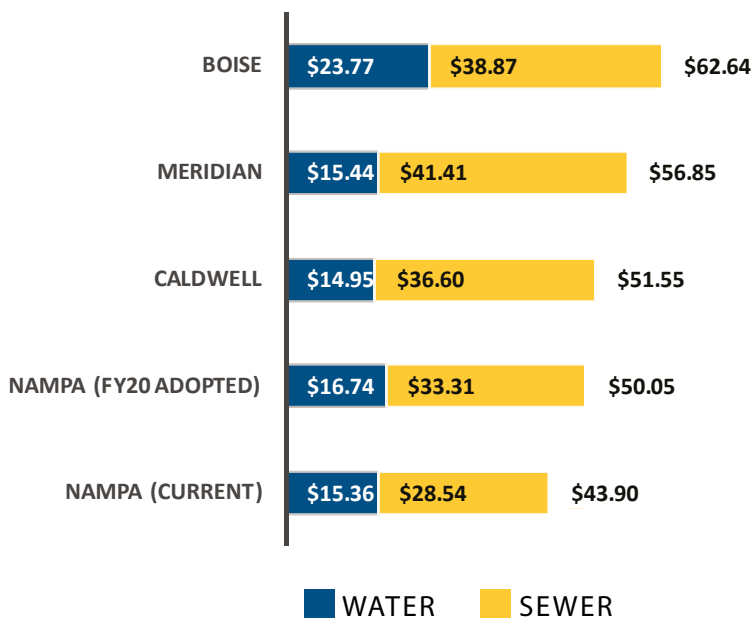

TRASH

Effective October 1, 2019, the rate for basic residential trash and recycling service in Nampa (one trash cart, one recycle cart) will **increase 2.86%, or approximately \$1.05** from your current rate.

For more information on trash services, call Republic Services customer support at (208) 345-1265 or visit republicservices.com.

MONTHLY RATE COMPARISON

Even with the current increases, Nampa's utility services still rank as **the lowest in the Treasure Valley.**

**Chart reflects the estimated average monthly billing for residential sewer and water customers beginning October 1, 2019. Chart is for demonstrative purposes; your bill will vary.*
