By my own judgment, I would call my yard size: Small Average (typical city lot) Large (double lot +)

*(You will not be disqualified based on yard size; this just allows us to appropriately match teams with workloads!)

By my own judgment, I would say the work I need done is:

Light Raking Lots of Raking This will be some work; it's a jungle out there!

I would like to request some basic pruning. I understand this will be at done only if my assigned team is able to do so. *If requesting pruning, tell us below what you specifically need trimmed.
