

RATE INCREASE NOTIFICATION

THE CITY OF NAMPA

In May of 2018, Nampa residents voted to approve a sewer revenue bond to pay for mandatory improvements to the wastewater treatment plant. The investment estimated a gradual increase in sewer rates by approximately 16.75% each year through 2026. Construction on the sewer plant has begun and is planned to be completed in 2025. When complete, the upgrades will also provide more sustainable service to City of Nampa irrigation customers in the summer months.

RESIDENTIAL SEWER RATES

Residential customers could expect an increase of approximately \$6.02 per month or 16.75%, effective October 1, 2021.

As the cost of materials and service increases to replace Nampa's aging infrastructure, please know the City of Nampa and Nampa City Council are mindful of the cost of utility service and its impact to our customers.

We strive to provide excellent customer service and dependable utilities to the citizens and residents we serve. For more information and details, visit cityofnampa.us/publicworks.

*The above figures represent average charges for customers; your bill may vary.

NAMPA SHARES & CARES

The Nampa Shares & Cares program assists City of Nampa customers who need utility billing assistance.

To see if you qualify, contact the Salvation Army Nampa at (208) 467-6586, ext. 9 or visit nampa.salvationarmy.org.
