

# A change for the better

Introducing a new way to manage trash and recycling service in the City of Nampa.

Coming in 2022, Nampa residents will have the option to lower their trash rate by reducing the amount of trash they throw away. Smaller (65- and 48-gallon) trash carts, can be ordered for delivery. This guide will help you select the appropriate cart size for your trash needs, so please read it carefully.

## TO GET READY FOR THE CHANGES:

1. Read this guide
2. Understand your options
3. Order carts (if you would like a cart smaller than the standard 95-gallon size)
