LEAD BASED PAINT

Housing built before 1978 may contain lead-based paint. Lead paint dust, chips and contaminated soil can be harmful to young children and pregnant women if safe practices are not followed. Due to the Healthy Home Act, volunteer teams are not permitted to work on homes built prior to 1978. Your home maybe be ineligible for painting at this time. If selected and depending on funding availability, the City of Nampa will hire a lead certified contractor to paint as many pre 1978 homes as funding will allow.

Contractors have been advised of the following safety steps to follow regarding lead-based paint:

1. Wet down the siding with a garden hose prior to any scraping (this helps to eliminate any airborne paint dust)
2. Wear Respiratory Protection (masks) provided by the City any time you are disturbing existing paint (like scraping, sanding, or using a wire brush).
3. Place plastic drop cloths (provided by Brush-Up Nampa) under each area of the home that you are prepping. When scraping, any paint chips from the wall should be collected in the drop cloths and disposed of in the provided trash bags and not left in the soil surrounding the home.
4. Tie off the trash bags when finished and double-bag the debris. Please separate from regular trash left on the curb for collection.

**If you have young children or pregnant women living in or visiting your home at the time of prep work or painting, please ensure that they are away from the work being done while the old paint is being disturbed. Please notify the contractor if you have a pregnant woman or young children staying with you.*

WE LOVE VOLUNTEERS!

If you belong to any organizations that might be willing to help with the painting of your home, please list their information below and we will contact them on your behalf. Thank you.

IF YOUR HOUSE IS *NOT* SELECTED: Each year we receive more applications for painting than we have resources available, and unfortunately cannot paint every house. Every effort is made to ensure that we are taking care of those in the most need first. If your home is not selected for paint this year, we will gladly put you back on the list for next year.
