Tax Account:	Urban Renewal Area: No	Unit: 0.00 \$950,000
Permit Number: COM-03460-2022	Situs: 815 3Rd Ave N Nampa, Id 83687	
Issue Date: 02/01/2023	Project Name: Great American Snacks WWTP pH -PEMB Building	
Scope of Work: Great American Snacks (GAS) intends to construct a new wastewater pH adjustment pre-treatment facility to replace their existing, aging treatment infrastructure. GAS discharges treated process wastewater produced from its snack food facility under an industrial wastewater discharge authorization permit from the City of Nampa. GAS has been working closely with the City of Nampa wastewater pretreatment coordination group to design a cost-effective solution that meets treatment goals. The following is a description of the proposed improvement project: Process wastewater is generated from several different sources during the processing of snack foods such as onion rings or mozzarella sticks. Wastewater is collected into a single lift station and connected surge tank for peak flow attenuation. Dry pit centrifugal pumps pump influent to a rotary drum screen where solids larger than 1/8-inch are removed. Influent then flows to an 8,000 gallon tank for pH adjustment. The tank is continuously stirred with a 5 HP top-mounted mechanical mixer. A series of online pH probes in the tank provide real time pH measurements which send a signal to wall mounted chemical metering pumps. Depending on the tank pH reading, 50% sulfuric acid or 50% sodium hydroxide (caustic) are dosed into the tank to neutralize the wastewater to a pH of 7 before discharge. Treated wastewater is pumped out of the neutralization tank to an existing gravity manhole on GAS's property. Process water then gravity flows to the City sewer located in 3rd Avenue N where it is further treated at Nampa's wastewater plant. Oil used in the frying process at GAS is collected in separate piping at the facility. All oil will flow to a new below-grade dedicated oil holding tank. The tank is routinely pumped out to a tanker truck located at the facility. The new treatment works will be located in a new pre-engineered metal building. The building will not be staffed full time as the treatment process is highly automated. EMP		
Registered Building Contractor	Daniel Carrier	West Valley Construction
Applicant, Civil Engineer	Grant Moore	Ardurra
Owner 1	Jack Hompland	Great American Snacks
Registered Building Contractor	Lisa Burkhardt	West Valley Construction
Tax Account:	Urban Renewal Area: No	Unit: 1.00 \$350,000
