5. Proposed Construction Start and End Date:

Start Date:	End Date:
-------------	-----------

6. Permit Type (circle one): Daily Weekly Monthly

The following regulations must be strictly adhered to:

Dumpsters or Equipment: If a dumpster or equipment is to be placed on or within the public right-of-way, the City of Nampa Traffic Division must be contacted for a ROW permit.

Staging or Delivery Area: When an area of on-street parking is being used as a staging or delivery area, the area approved by the City of Nampa for use as a temporary use zone, must be so designated by the contractor with use of temporary fencing or barricades that will identify said areas as a part of the zone and restrict access by non-related parkers.

Signs: If there are signs that need to be temporarily removed during the project, the contractor is required to contact Parking Services 24 hours in advance. If sidewalk renovations or new sidewalks are being done, the

contractor will be required to reinstall any and all signs posts that were removed. Contractor will also be responsible to re-paint any space markings on the street damaged as a result of the contractor's project. The replacement of both the posts and the space markings must meet the requirements provided by the City of Nampa. If the contractor does not perform as required, City of Nampa will have the work done and charge the contractor for the cost of the work incurred by the City of Nampa.

Liability and Insurance: Provide copy of your general comprehensive liability insurance insuring against claims, demands or actions arising out of or in connection with the existence of any and all construction equipment and/or vehicles placed within the construction area. The policy of insurance shall require the insurer to defend, indemnify and hold the city harmless from any and all claims for injury or damage, and shall pay all judgments, costs or expenses which the city may incur or suffer by reason of granting a permit in connection with the erection, alteration, maintenance, repair, removal or existence of such items. Such policy of insurance shall provide liability coverage for bodily injury, death and property damage of not less than one million dollars (\$1,000,000.00) combined single limit during any one occurrence for injury to or death of any one or more persons and for property damage or destruction suffered as a result of the existence of such street furniture and shall name the City of Nampa as an additional insured. Such insurance shall (i) contain an endorsement that such policy shall remain in full force and effect notwithstanding that the insured has released its right of action against any party before the occurrence of a loss; (ii) name the City of Nampa as an additional insured party; and (iii) provide that the policy shall not be cancelled, terminated or materially amended without at least forty-five (45) days prior written notice [fifteen (15) days if due to nonpayment of the premium] to the City of Nampa. Prior to the issuance or renewal of the permit, evidence satisfactory to the City of Nampa of the payment of all premiums of such policy, shall be delivered to the City of Nampa for review. As a condition subsequent to the issuance of the permit, the permit holder shall maintain the required insurance at all times while the permitted item or items are located in the sidewalk area.

I do hereby agree that I have read and understand all of the requirements listed within this application. I further agree to comply with all conditions of City Code 7-2-6, the Americans with Disabilities Act, and Federal ADA requirements for accessibility.

Additionally, I do hereby certify that the information contained in this application and addendums (if applicable) has been furnished to me and is true and correct. I understand that any untrue, inconsistent or misleading information shall be cause for the refusal to grant, or the revocation of, any license to operate in the City of Nampa. I have read and understand by obligations under appropriate Nampa Ordinances respective to the permit(s) for which I am applying. I further certify that if any of the foregoing information changes during the course of the permit, I will notify the City of Nampa, within seven (7) days of such change.
